# Another Lace Curtain Sale.

Just in season for the spring refurnishing and refurbishing of the home will be the second of the special sales of Lace Curtains, which begins Monday morning. There are upward of three hundred pairs of curtains included—and the prices which have been made are in many cases one-third of the regular figures—in every case the reduction is a large one and makes it well worth while to visit the Lace Curtain Department now. And the sooner the better the opportunity.

### Excellent Combination.

The pleasant method and beneficial effects of the well-known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO. Illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly, and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative. In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO, only. In order to get its beneficial effects and to avoid imitations,

Commissioners Have No Authority to Buy Chemical, as Desired.

atroller Tracewell Decides That Specific Appropriation Will

Controller Tracewell of the treasury has notified the District Commissioners that notined the District Commissioners that they are without authority of law for the purchase of the small chemical engine which it was proposed to locate in Cleveland Park. As heretofore explained, the Commissioners were requested by the residents of this suburb to take such action, and it being a question whether the piece of apparatus contemplated, costing about \$700, could be purchased out of the appropria-tion designated in the current District appropriation act "repairs of apparatus and new appliances," the matter was referred by the Commissioners to the controller for

by the Commissioners to the controller for his opinion.

It was thought by the Commissioners that the word "appliances" has a sufficiently wide significance to admit of the purchase of this apparatus, it being explained by them that on some occasions in the past hose reels and other pieces of apparatus were purchased out of this appropriation. But for the purchase of apparatus involving large expenditures specific appropriations have been made, for the reason that the usual appropriations have not been sufficiently large.

How the Clause Must Be Read. The controller explains, in his decision that if the appropriation stood alone, or if it were made for the first time, it would perhaps, be admissible to give the word "appliances" the meaning suggested by the Commissioners, and to hold that the appro-Commissioners, and to hold that the appropriation so designated is available for the purchase of any new appliances for the extinction of fire. The clause, however, he holds, must be read in the light of the rest of the act, and of similar appropriations for the same objects. Since 1885 the appropriation acts, he states, have each year contained an appropriation for "repairs to apparatus, and new appliances," and yet these same acts contain numerous specific appropriations for the purchase of new engines, trucks, etc. While it is true that in many cases the amount provided for the new apparatus is in excess of the appropriation for repairs and appliances, it is equally true, he says, that in many instances specific authority is given to purchase a hose carriage or a chemical, engine at a price well within the amount of that appropriation.

Intention of Congress.

Intention of Congress.

"From this it would appear," says the ontroller, "to have been the intention of Congress from the beginning to provide specifically for any increase of the fire department in the way of new engines or apparatus, and this belief is strengthened by the fact that for several years past appropriations for steam engines, chemical engines, trucks and hose carriages have been placed by Congress under a specific subhead of appropriation for 'increase fire department,' and appropriations for these objects have been supplemented by specific provision for places to house and man the additional apparatus. For the reasons given above, I am of the opinion, and so decide, that there is no authority for the purchase of the chemical engine to which you refer.' In view of the controller's decision, it is not improbable that the Commissioners will request the Senate to add to the pending District appropriation act the authority and funds necessary for the purchase of this piece of apparatus. paratus, and this belief is strengthened by

PETITION OF SHEA HEIRS.

Judge Cole Sustains the Administrator, E. A. Newman. Two weeks ago the heirs of Michael Shea,

leceased, filed a petition in the Probate Court asking that letters of administration theretofore issued to Mr. Edward A. Newman, a member of the bar, be revoked on the ground that the same were issued with-in twenty days of the death of Michael Shea; also that they did not understand the purport of the wafter of citation which they filed, and further that the decedent was not a resident of the District of Co-

was not a resident of the District of Columbia.

Mr. Newman, the administrator, through his counsel, R. Golden Donaldson, filed his answer, also the affidavit of Mrs. Mary C. Shea and others in support thereof. The case was set for today in order that the heirs should come into court and give testimony. Neither of them appeared, although Mr. Newman and the widow of decedent were present, with a number of witnesses in his behalf. The petitioners not being in court, and not having any testimony to offer, the court dismissed the petitions, thereby sustaining the letters of administration granted to Mr. Newman.

After these petitions were dismissed. Wm

ministration granted to Mr. Newman.

After these petitions were dismissed, Wm.
H. Shea, a nephew of one of the petitioners, Daniel F. Shea, through Lambert & Baker, filed a petition, claiming that he is entitled to letters of administration. That petition will be heard next Saturday.

BOOMERANG FOR GERMANY.

London Times Points Out Dangers of Meat Inspection Bill.

The Times, discussing the German meat inspection bill, says: "Is it wise for Ger-many to get on bad terms with the great American market in order to gratify the greed and dictatorial temper of the agrarians? Is it easy for the Prussian squire-archy to defy America and to say that foreign countries must submit to whatever the majority in the reichstag may decree? But the German business men, and we suppose German statesmen, must see that Germany has everything to lose and hardly anything to gain in a war of tariffs.

"What would the Germans do if America
were to strike at the carefully fostered
German sugar industry by a prohibitory

Moreover the Americans have the power "Moreover the Americans have the power to strike heavy, if not deadly, blows at German shipping interests. If the protectionists are allowed to have their way retribution will, surely come at a not distant date, and the consequences may be serious for Germany, in both her domestic and foreign relations."

Held for Maryland Authorities.

William Campbell, colored, was arrested resterday by Detectives Peck and Miller and locked up for the Maryland authorities He was taken into custody just after his release from jail, where he had served a sentence for theft. The prisoner is charged in Charles county, Maryland, with having entered the house of Walter Hawkins and carried off 363 and a revolver. Sheriff Nicholson took him to Charles county this afternosh.

Second Charge of Theft.

John Payne, colored, who is serving a sentence of stwo months in jail upon conviction of thefte was given a trial in Judge Kimhall's court today on a charge of stealing seven turkeys and a crate of eggs from Fannie B. Johnson. He was given the turkeys and eggs to sell. He disposed of them and falled to return the money for them. The court gave him two months additionals.

Patent Suit Filed.

The United States of America, on the relation of Johan Theodore Winborg, has filed a petition for mandamus to compel the mmissioner of patents to set aside his refusal to consider, and require him to examine and act upon a certain application for letters patent.

Justice Barnard has issued a rule to show cause, returnable the 19th instant.

Suit to Recover Premiums.

The Fidelity and Deposit Company of Maryland today filed suit at law against Albert Daggett. It is sought to recover \$1,125, alleged to be due as premiums on a surety George Throckmorton and Basil Taylor, colored, were in the Police Court today charged with vagrancy. The police contended that the defendants did no work, but spent most of their time picking up cinders, rags and bones on the dump. Judge Scott held that such work was honest employment and dismissed the defendants.

HE most ignorant are most blind to their own failings. To such vulgarity is beauty. There are makers and wearers of millinery who are most ignorant. The Palais Royal endeavors to fill the gulf-it is a great gulf-between the cheap and vulgar and exorbitantly exclusive stores.
